Re: **WIS 106/Loga Road Public Involvement Meeting**
Project ID: 3576-06-03/73 Town of Sumner
WIS 106 and Loga Road Intersection
Jefferson County

Please join us for a public involvement meeting to discuss the WIS 106 and Loga Road intersection area in the Town of Sumner, Jefferson County.

The meeting is scheduled for Tuesday, August 19, from 5:30pm to 6:30pm at the Town of Sumner Town Hall, N1525 Church Street, Edgerton, WI 53534. A brief presentation is scheduled to begin at 5:30pm, followed by an open house format.

The project team has completed the preliminary design and is seeking public input on the identified needs and proposed improvements. The meeting will provide a visual representation of the preliminary design. A copy of the presentation will be posted on the project website after the conclusion of the meeting at the following website: <https://wisconsindot.gov/Pages/projects/by-region/sw/wis106-logaroad/default.aspx>

Proposed improvements include reconstructing and straightening out the curve on WIS 106. Loga Road will be re-aligned to create a 90-degree intersection angle. To prevent future intersection crashes that may result from the re-alignment of Loga Road, an offset right turn lane will be constructed. The paved shoulders on WIS 106 will be widened from three feet to five feet and shoulder and centerline rumble strips will be installed. Construction is scheduled for 2029.

We look forward to meeting with you. If you are deaf or hard of hearing and require an interpreter, you may request one by contacting me at least three working days prior to the meeting.

If you have any questions, or if you cannot attend the meeting, but would like to find out more about the project, please contact me at (608) 246-5406 or craig.hardy@dot.wi.gov.

Sincerely,

Craig Hardy, P.E.
